you.

A space for you. A moment for you. An experience for you.

VINOBLE COSMETICS

[vegan. nachhaltig. intensiv-pflegend. unisex.]

Our Partner:
VINOBLE COSMETICS – the power of the grape.

With VINOBLE COSMETICS, we have found a partner who shares our values: natural purity, sensuality, and effectiveness in perfect harmony. Inspired by the power of the grape, the products blend the delicate scent of grapes and roses with highly concentrated active ingredients that bring renewed freshness and vitality to the skin. Pure in design, clean in formulation, and unmistakable in their results.

At the heart of this philosophy lies the knowledge of traditional European natural medicine, with a dedicated focus on vinotherapy. The result is an experience that reaches far beyond skincare: a moment of conscious mindfulness, a nurturing ritual for body and mind — exclusively at A-ROSA.

VINOBLE COSMETICS

Care that touches the senses.

VINOBLE PURE Facial Treatment

Facial treatment for sensitive skin and delivery of active ingredients through iontophoresis.

- Deep cleansing, exfoliation and toning
- Revitalising essence
- Targeted concentrate
- Iontophoresis treatment
- Relaxing facial, neck and décolleté massage with mask
- Eye care and finishing treatment

A beauty ritual designed for sensitive skin, capable of combining delicacy and visible results. This exclusive treatment uses Vinoble's Pure line, which is based on extracts from plant stem cells. These natural active ingredients work on all layers of the skin, promoting regeneration, comfort and protection, even in the most reactive skin. In addition, thanks to the iontophoresis used during the treatment, the active ingredients are conveyed in depth with gentleness, improving penetration and amplifying effectiveness without irritating the skin.

Our recommendation:

After each cosmetic treatment and massage, we invite you to let the experience continue to unfold in silence.

In our cozy relaxation area you can indulge in a moment of true detachment, enjoying a cup of hot tea, sipping vitamin water and enjoying an enveloping atmosphere.

The beneficial effects of your treatment will develop even more profoundly: the body will regenerate, the mind will find calm and the senses will regain their balance.

LONGEVITY Facial Treatment

Designed for mature and demanding skin.

- Deep cleansing, exfoliation and toning
- 4D Laser Light mask
- Active ingredient treatment
- Facial, neck and décolleté massage
- Eye care and finishing treatment

The concept of skin longevity stems from the awareness that the skin has natural regenerative abilities: over time, these processes tend to slow down. Our treatment with the Vinoble Cosmetics 4D laser mask, combined with high-dose cosmeceuticals, specifically activates the skin's repair mechanisms, promoting a visible transformation in a short time. The result? A rejuvenated, compact, uniform skin. Wrinkles and fine lines are reduced, firmness is awakened; pigmentation spots, dark circles and redness appear visibly reduced. The laser light penetrates the deep layers of the dermis and stimulates collagen, while the surface is illuminated by a radiant complexion. Give your skin a special glow, as if every day writes a new page of your radiance.

Exclusive facial treatments tailored to your wishes and needs.

- Cleansing and exfoliation
- Eyebrow shaping
- Concentrate cocktail
- Eye mask
- Special mask for face and décolleté
- Hand care treatment
- Eye care and finishing treatment

A treatment designed for those who want to give the skin freshness, vitality and firmness in a short time: after a gentle cleansing that respects skin sensitivity, a tailor-made peeling is used to regenerate the complexion. This is followed by a mask rich in deep-acting active ingredients that nourishes and strengthens, while a facial massage with precious essences completes the experience, restoring radiance, comfort and visibly renewed skin.

VINOBLE Face Yoga

For a more defined facial contour.

- Cleansing and toning
- Fascia massage tool treatment
- Hydrating care
- Finishing treatment

A quick but surprisingly effective ritual, designed to awaken the skin, relax the features and restore radiance. In just twenty minutes, the lymphatic facial massage, performed with the myofascial instrument, stimulates microcirculation, dissolves deep tensions and promotes the drainage of excess fluids: all this translates into a fresher and more compact complexion. This treatment is ideal if you want a moment of intense and visible well-being, without wasting time: the face immediately appears smoother, the contours redefined, the skin more toned and radiant.
